Making an informed decision

You need to make an informed decision about which, if any, of your offers you want to accept. To help you with this, universities and colleges are required to make information available to you under consumer protection legislation. You can find out more

about what this should include on our [website](#). You should read and understand this information before making a decision about accepting an offer, as this is likely to form the terms and conditions of the contract between yourself and the university or college if you enrol onto their course.
